The Recycled Claim Standard (RCS) is international, voluntary standard with the purpose of ensuring the reliability of recycled content claims in products. It proves the presence and amount of recycled material in the final product through a third-party verification of the input and chain of custody which meets the ISO definitions of recycling.

- Alignment of Recycled definitions across multiple applications.
- Tracking and tracing Recycled input materials.
- Providing customers (both brands and consumers) with a tool to make informed decisions.
- Providing assurance that materials in the final product are actually recycled and processed more sustainably.

YOUR PLANET NEEDS YOU

The Forest Stewardship Council (FSC) is an international non-profit organization that sets standards and promotes sustainable forest management. FSC was born in 1993 from a conviction that forests have value beyond what can be seen or touched. The goal of FSC is to ensure environmentally responsible and socially beneficial management of the world's forests now and for future generations. FSC has established global standards for forest management that are verified through independent third-party certification.

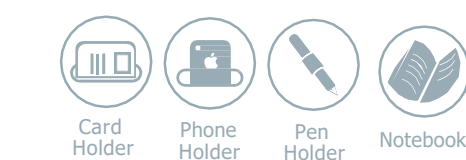

Mission

FSC will promote environmentally appropriate, socially beneficial, and economically viable management of the world's forests.

Vision

The true value of forests is recognized and fully incorporated into society worldwide. FSC is the leading catalyst and defining force for improved forest management and market transformation, shifting the global forest trend toward sustainable use, conservation, restoration, and respect for all.

DD NOTE **E3179**

DD Note is made from RCS PU Material and with motherboard that allows your handwritten notes and thoughts to travel off the page and be on screen in real time. Simply write on the pages of the Paper Tablet with the Pen for instantly-digitized notes that can be edited, transcribed, organized and shared on your device of choice. Can store up to 50 offline pages. It has extra pen refill. Product Size: 25.3X20X2.6 cm Packaging: FSC Paper Box

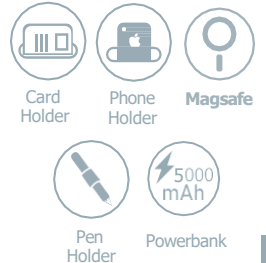

WHAT IS MAGSAFE

The MagSafe is engineered and created for a faster and safer wireless charging that works on Apple Iphone 12 and above models. It optimizes charging up to 15W peak of its power delivery and intelligently adapts to its condition.

A4 MAGLIGHT NOTE E3180

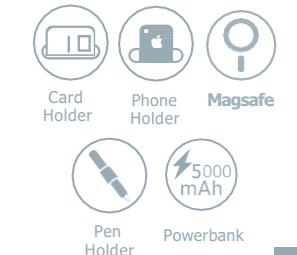

A4 Light up Magsafe 5000mAh Notebook Organizer with 10W wireless charging and 15W cable charging capacity in RSC PU Material. It has Lycra pocket organizer on the inside, foldable phone stand, pen holder and FSC 20 sheets memo pad. With power indicator and TYPE C input and output for fast charging. Product Size: 30.6x24.3x2.5cm Packaging: FSC Paper Box.

MAGLIGHT NOTE E3178

Light up Magsafe 5000mAh Notebook Organizer with 10W wireless charging and 15W cable charging capacity in RCS PU Material. It has Lycra pocket organizer on the inside, foldable phone stand, pen holder and FSC 64sheets notebook with elastic closure. With power indicator and TYPE C input and output for fast charging. Product Size: 22.6x 17.5x 2cm. Packaging:FSC Paper Box.

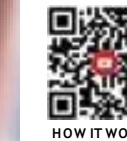

HOW IT WORKS

MAG NOTE E3139

10W MagSafe A5 Fast Charging 64 sheets notebook organizer with built-in wireless 8000MAH powerbank and 32GB USB. Made from special PU Material with non-stitching welding technology. It has Lycra pocket organizer on the inside, foldable phone stand and pen holder. Its power system on its spine and magnetic flap closure makes it easy to use. With LED power indicator and TYPE C input and output for fast charging. Product Size: 23.2x18x2.5cm. Packaging: Black Drawer Box

“FEEL GOOD WHEN USING SOMETHING THAT HELPS A CAUSE”

Wanted to promote their standpoint on environmental awareness, while showing something relevant to their industry? i.e. what happened to all those blue water bottles people put in their blue bins each day.

How we produce our RPET Items?

WHAT IS RECYCLED LEATHER?

Genuine Leather scraps are collected from furniture, shoes, and other products and factories.

This leather used to go to waste and adds up to the landfills.

But now its ground into shreds, combined with water and then mixed with binding products such as natural rubber and acacia wood bark to make a goof use of it.

Most recycled leather is a composite of shredded leather scraps and residues collected from tanneries and other leather product manufacturers.

Is recycled leather sustainable?

Recycling of materials creates a circular economy and therefore increases sustainability.

Also it take less resources to recycle geniune leather than synthetic materials.

Wireless Charging

LEATHEREC WIRELESS BAMBOO PAD E6041

A 10W Wireless charger mousepad desktop organizer best in office use for your daily activities. The organizer is made from bamboo, designed to fit all your daily office needs. The mousepad is made from recycled genuine leather making the whole item sustainable and eco- friendly. Product Size:25x25x3.2cm. Packaging: Kraft Paper Box.

Bamboo

A Sustainable Material

THINK GREEN? .. GO WITH BAMBOO

A highly sustainable material called Bamboo is the fastest growing plant. A member of the grass family, bamboo is known for tall hollow stems that reach their full height in just one growing season.

Durability

Water Resistant

Cost Effective

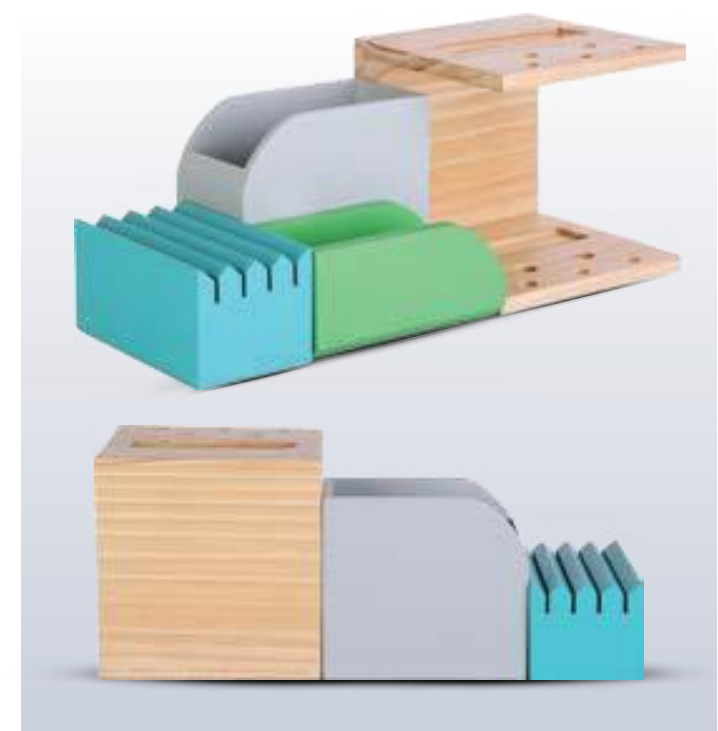

Natural Anti-Bacterial

Bamboo naturally contains an anti bacterial agent, bamboo kun, that prevents, kills or reduces the growth of bacteria.

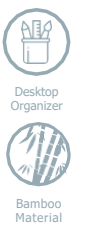

Made from bamboo material, E-Cube is one of the item that proudly stand for sustainable goal instead of using plastic material or unhealthy metallic desktop organizers.

Bamboo Product

E-CUBE E6032

XOOPAR GO-GREEN

WHY WE NEED SUSTAINABILITY?

Earth's resources and wildlife are in danger.

Better systems exist that improves sustainability.

Sustainability practices also has a total impact on quality

WHAT DO WE DO ?

Xoopar has developed a measurement system to improve sustainable practices within the company management, product development and packaging.

It's called XOOPAR SUSTAINABILITY CRITERIA. Made of 4 main pillars; (1) REUSABLE, (2) BIO DEGRADABLE, (3) RECYCLABLE, (4) RECYCLED. Under this 4 categories Xoopar will focus to improve environmentally friendly system under a structured roadmap plan.
